

Dec. 7, 2020

Dear Walkerville community:

We appreciate your patience during this time as we come to the end of a very difficult year, with the expectation that the challenges will continue into the new year.

With today's announcement, which extended the previous order to provide 9-12 on-line learning only, we know that there will be a significant impact to our community, and most importantly our students.

We continue to implement contingency plans in order to provide our students with the best education possible. We stay committed to the belief that students learn best while in the presence of their peers and teachers.

Therefore, we will continue face to face instruction for K-8 students for as long as we can do so safely.

We will also continue to provide virtual instruction to our high school students because of the extension announced this afternoon.

This extension is set to continue until December 20th, thus taking us up until Christmas Break.

We are now studying the orders that were delivered today by the Governor's Office, and will provide more information as we learn more.

We appreciate all of your support as we strive to provide the best education to all of our students at WPS.

Joe Conkle, Principal
Dr. Tom Langdon, Superintendent
